

MAY 2018

*Daily Mile*

*Article 24*

As part of Hertfordshire's Year of Physical Activity they launched the "IT'S NEVER TOO LATE TO BE ACTIVE CAMPAIGN." Our school has been walking or running the Daily Mile since 2016.

Our school supported this campaign by holding a Daily Mile for ALL ages. Every child invited one adult to come and do the daily mile with them on their allocated day at the beginning of May from 9.00-9.15am on our school field.

We had a fantastic response with lots of our parents supporting the event. We even ended up in the local paper!

*Hertfordshire schoolchildren are encouraging their parents and grandparents to get active*

We also supported *Living Streets*, the UK charity for every day walking. Our "Happy Shoesday" donations of £121 will go towards helping their work with schools, disability groups, local communities and campaigning work to make UK streets safer for everyone.

*Global Maths Day May 2018*

*Article 17*

The day was based on the book "If the World Were a Village", where the whole world is reduced to a global village of just 100 people. We interpreted data and statistics to construct bar charts, pictograms and tables. We further investigated the data to consider the rights of the villagers and how not receiving or not receiving their rights (eg: healthcare, clean water, education, places of worship) would impact on their lives.

Cedar class developed their own living space and based on their rights learning thought about what facilities would be needed in their village.
